

Re: Docket# 98N-1038, "Irradiation in the Production, Processing,
and Handling of Food."

I want the FDA to continue prominent labeling of food that has
been treated with Irradiation. The label should be conspicuous and
include the logo for Irradiation.

Additional comments: I would like to also label the
location the item was grown; State, Country,
County. So much comes from Mexico but is
canned in U.S.A. to get our label. very misleading!
